MY WAY

(Methodist Hospital's Crystal Ball - October 11, 2008)

First rate, just have to state, I think it's great, the way you rally
To share with fun and flair, the best health care, in the San Gabriel Valley
A true, team shining through, with Angela Fu,
And you each adore Schway (Huch)
For Tom Beck three cheers, And for great volunteers
Here's MY WAY, your way!

There's Sue, Sue Francis you, and David Ratto too, How you empower
It stuns how you raise funds, and you'll need tons for your new tower
Can't fail, you will prevail with Dick and Susan Hale; they're like no others
Though times aren't great, prostates won't wait for Lehman Brothers

Your dream location can't be beat, With Santa Anita across the street
Each day's well-spent, you've no regrets
You're saving lives and places bets
Win, place, or show, It's nice to know, we're winning your way

Must say, at this grand soiree, giving "My Way", makes me feel regal
No fee, this show's "on me" for Dennis Lee and Mickey Segal
Reverse your 19th year, to each person here, We honor you so
The future calls, let's build those malls by Rick Caruso!

For this amazing "Crystal Ball", We can predict for one and all
New generations of great care, Methodist Hospital will be there
State of the art, healing with heart, 'cause you share your way!

Great Evening! *Paul Anka*
